The app has a pleasant and entertaining interface, which is very user-friendly. The app is available for both iOS and Android devices. In the past few months, this app has become very famous because of its ability to create short videos within seconds without much effort and time. TikTok does not require the downloading of special iPhone/iPad or Android applications as it runs on YouTube's API which is available only for iOS users.",

In an article published by The Washington Post, it was alleged that "It's so popular among young people even that the Chinese government is now trying to ban it." It continued by saying that "The app, which started as a music-sharing app, has rapidly grown into one of the world's largest social networks for young people. It has a wide user base in China and Asia but has also gained popularity in Europe and the United States. But some people in those regions are concerned about whatever is happening on TikTok. They say it is addictive, and they worry it can be used by adults to groom children or teenagers." This article was published on The Washington Post.",

The app has also been used to help promote charitable causes. In Japan in May 2021, the app teamed up with the Japanese Red Cross while in July 2021, it partnered with UNICEF and its Baby + Me campaign.",

Users of the app have the option of connecting their account to other social media accounts such as Instagram, Facebook and Twitter. This allows for easier sharing of content through other social media apps. The app also has a live feature that can be activated through opening the "Live" tab on the bottom right corner of the screen. When activated, this feature allows users to view others' broadcasts without them having to create a live story and even allows them to comment on others' broadcasts while they are ongoing without affecting their viewers' activities.",

In the past, there were rumors about the possible acquisition of TikTok by any of the major tech companies in the world. In February 2021, it was reported that Microsoft is currently pursuing a software deal with TikTok. The talks should be over soon.",

The app has been criticized for its addictive nature amongst teens especially vulnerable individuals. The app has been described as a "social lubricant" for "teens looking to escape awkward interactions".",
